My Goal...

To provide my clients with images worthy of display in a tangible form - one you can touch, hold, and cherish. An album is a keepsake. A family wall portrait is an heirloom piece. Too often my clients tell me that the images they have taken have remained on a card still tucked in the camera. They don't have the time to review them or print them. The CD or flash drive of images they purchased from a previous studio sits in the back of some desk drawer. Beautiful portraits and memories, are meant to be displayed.

Family Portrait Session Fees

1/2 hour consultation FREE - We will discuss location, clothing and I will provide you with tips on how to make your session fun and relaxing.

Session Fee - \$150.00 includes a 2 hour session for a family of five (pets are family too). \$50 of session fee applies to first print order.

Each additional person / pet - Add \$10 to session fee.

Travel fees - Additional fees for areas outside of Norfolk, Chesapeake, and Virginia Beach.

Online hosting is provided free for 60 days. Additional hosting fee of \$15 past 60 days.

Please note - Product prices shown do not include 6% Virginia sales tax, shipping and handling fees, or expedite fees. Rush orders including delivery of online proofs or products will incur a \$50 expedite fee.

Policies - A \$50 session deposit is required to secure your session date. The balance is due at the completion of your session. Your deposit is non-refundable but may be applied to a rescheduled date with a minimum 24 hours cancellation notice.

Tips - Avoid dressing your child in clothing with excessive graphics. Accessories can help make your portrait session unique. Texture in clothing comes through beautifully in portraiture. Choose a color scheme and work within that palette. Solid colors with subdued small patterns can be used. Most importantly, dress yourself and your child in comfortable clothing.
